

Wild Hog Control Program  
**Multiple Property Application Instructions**

1. A Multiple Property Application should be submitted by applicants that want to trap cooperatively in an area of at 500 contiguous acres. Visit [www.mdac.ms.gov/whcp](http://www.mdac.ms.gov/whcp) to complete the Multiple Property Application.
2. Complete contact information and property description fields. This will be the main contact person for the cooperative.
3. Click on map to place a waypoint (Pin) on center of the first property for the main contact.
4. Click on “Save main contact and continue with application.”
5. Add additional landowner/property by clicking on the green “ADD LANDOWNER” icon. Fill in Name and Acres fields. Place waypoint (Pin) on the center of additional property. Click on “Save Cooperator”.
6. Complete step 6 for each additional property within the cooperative.
7. Click “Add Partnering Landowner” to add waypoints for each cooperative property.
8. Click “Draw Property Boundary” icon to draw property boundaries around the cooperative properties. On the map, click on the “Draw a polygon” icon on top right of map. Use mouse cursor to draw a polygon around each property. Click “Save Map” and return back to the application.
9. Click “Add Agriculture/Habitat Hog Damage Estimates”. Select the Applicant Name and Damage Type. Input number of acres damaged and estimated dollar amount for damage over the past year. Click on “Save”. Repeat for each damage type.
10. Answer survey questions regarding best cellular phone provider, current traps, camera, and personnel collectively for the cooperative. This only has to be completed once. Click “Save Survey”.
11. Click “Submit Final Application” to complete and submit your application.
12. A confirmation email will be sent to the applicant’s email address provided at the beginning of the application.
